Corporacion Bermont is the largest Spanish newspaper printing group.

Corporacion Bermont is an independent industrial operator. We are not publishers and printing is our core business.

We are very specialized in newspaper printing.

SPANISH NEWSPAPER PRINTING INDUSTRY: CONSOLIDATION
Industry consolidation is taking place in Spain but it faces several difficulties:

1. Spanish regulation
2. Overvalued publisher’s investments
3. Industrial consolidation projects involve long pay backs:
   High uncertainty taking into account fast reduction of print volumes
4. Spanish newspapers have very late off-stone times
